NEWS AND VIEWS...

And What Have You

By BOB CRAIG

The Hamlin High School Stage Band has been named "Ambassadors of Goodwill" for the State of Texas by Governor Dolph Briscoe in anticipation of their planned tour of Europe this summer.

The commission was signed in Austin last Thursday by Gov. Briscoe and was received here Saturday.

The certificate bearing the official seal of the state of Texas, signed by both Gov. Briscoe and Secretary of State Mark White, reads:

"The State of Texas... to all to whom these presents shall come, Greetings: Know ye, that Hamlin High School Stage Band is hereby commissioned Ambassadors of Goodwill under the laws of the State of Texas with all rights, privileges, and emoluments appertaining to said office. In testimony whereof, I have signed my name and caused the Seal of State to be affixed at the City of Austin, this, the 23rd day of January A.D., 1975.

This week should have been designated Basketball Week in Hamlin as there will be 26 games played in the local gym this week. The action started Monday with three junior high games and will conclude Saturday with the finals in the boys and girls junior varsity tournament.

It is most unusual to play this many games in one week, much less have them all here at home. I don't really understand how the varsity schedule was worked out whereby we have back to back district games here at home, but it is nice.

Out of the 26 games to be played here this week, 18 of them could involve local teams. This of course, will depend on how the three teams

The building was sold to The House of Prayer, a nondenominational group. Now in the organizational stage, A. V. Spalding and others are active in the church activities.

Sunset Baptist Church was organized in 1954 and affiliated with Baptist Missionary Association (BMA).

Breckenridge Man Charged In Shooting

Jesus Jose Moreno, 22, of Breckenridge, was in Jones County Jail Monday night after being charged with aggravated assault with a deadly weapon in connection with a Saturday night shooting here in Hamlin.

Villarreal was released from Hendrick Memorial Hospital in Abilene, where he had been treated for a 22-caliber bullet wound under the left arm.

Bond for Moreno was set at \$2,500 Monday morning in Justice of Peace Ernest Spraberry's court in Anson.

The shooting occurred across the street from the Hamlin Jaycee Community Building where a dance was being held, said Hamlin Police Chief Ed Wheat.

Three shots were fired, one striking Villarreal, Wheat said.

Villarreal was initially treated at the Hamlin Hospital before being transferred to Hendrick.

Bob Lindsey Named Jones County Attorney Monday

Bob Lindsey of Abilene was appointed Jones County Attorney Monday morning by Jones County commissioners.

Lindsey, currently in private practice in Abilene, will replace the present county attorney, A. J. Smith, who has resigned effective Feb. 1.

For almost two years an assistant district attorney in Abilene, Lindsey is a North Texas State University graduate and holds a law degree from South Texas School of Law in Houston.

Lindsey, 35, has been practicing law since 1971. He and his wife, Betty, have two sons, Link, 12, and Britt, 4.

Smith resigned at the request of the commissioners after a Jones County grand jury reported he had not personally tried a case in several years. A backlog of county court cases had piled up.

Smith, who has won election without opposition since he was appointed in 1967, said his physician had advised him not to chance the strain of conducting trials. He cited ill health in his resignation.

On accepting the appointment as county attorney, Lindsey said that he and his family would move to Anson.

Greater Challenge for College Bound

BRITISH LITERATURE—High School English IV students, under the direction of Mrs. Warren Sharp, study Oliver Goldsmith's play "She Stoops to Conquer." The eighteenth century comedy of manners is part of the British literature being studied by the class.

With the many changes taking place today in public school education both in Texas and across the nation, Hamlin High School has embarked on a program to offer a greater challenge to its college bound senior students.

Two of these new programs offering a challenge to the more industrious senior students who plan to go on to college upon graduating from high school are English IV and Physics.

While the state only requires three years of English for graduation, several members of the senior class have signed up for English IV, where, according to the instructor Mrs.

Warren Sharp, writing is the name of the game.

Mrs. Sharp said that by the time the research paper required in the course is written late in the first semester, the students will have already written in class many themes. Each of the themes will be complete with an outline and thesis statement.

She said that each theme is graded very strictly before being returned to the student for it to be corrected immediately. She added that this gives the student an opportunity to clarify any question he or she may have concerning the error.

Mrs. Sharp said that during the first semester the

students each wrote eight or nine themes which is more than many colleges require. She said that in most colleges freshmen English students spend their time writing themes and when they become sophomores they study British literature.

English IV students study English literature during the second semester.

Another course being offered for the college bound student is physics.

The high school physics class being taught here has taken on a new outlook in its manner of teaching, according to Tom Dechairo, instructor.

The class, composed of only four seniors is an ex-

perimental independent study course where the instructor gives each student an assignment sheet which covers a period of six weeks. Each student is responsible for getting his assigned work done in that period.

The final 12 weeks of the course is spent on writing a research paper, Dechairo said. This paper consists of four chapters which cover: stating the problem to be solved, library research, experimentation of the problem and the summary of the completed work.

Four students are enrolled in the course this year. They are Randy Elmore, Blain Lewis, Cheryl Lewis and Ray Sonnenburg.

WORKING ON EXPERIMENT—Hamlin High School students work on an experiment on acceleration in the physics lab at the school. Students working on the experiment are, left to right, Blain Lewis, Randy Elmore, Cheryl Lewis and Ray Sonnenburg.

NEWS FROM

McCAULLEY

By MRS. FRED KEMP

Farmers have had summer weather the past few days to get in the remaining crops but the cooler weather is here today.

Mrs. Bobby Smith of Mason and Cody has been visiting in the community the past few days. Mrs. Smith is the former Prescilla Reed.

Mr. and Mrs. Ronald Holcomb of Midland were at the McCaulley-Old Glory basketball game Friday night. Seems just a few years ago Ronald was playing on the McCaulley team. Old Glory won, they have two great teams, but McCaulley played a good game. One of the starting players on the girls team was Mary Boyd formerly of McCaulley. We were all very happy to see Mary again.

Mrs. B. F. Kemp had lunch and a few hours of visit with

the Fred Kemps Sunday. Mrs. Kemp is improving some. She is living at Holiday Lodge in Hamlin.

McCaulley 4-H'ers and FFA'ers are well represented at the surrounding stock shows. These boys and girls put in a great deal of time and effort in getting their animals ready and showing them. Sometimes they don't place very high but they always learn something helpful even if their animal gets sifted. Max Kemp placed two tenths and a sixteenth at Abilene. James Kemp placed a Reserve Champion in his class, a fifth, fourteenth and twentieth. Gordon Maberry placed a fourteenth. Daren Jeffrey placed a Champion in his class at Ft. Worth and Fonda Jeffrey placed her animal in sixth.

Todd Stevenson has his arm out of the cast again. Hope he has better luck this time keeping it out. We need him for that junior high basketball team.

Birthday greetings to Stephanie Reed today.

FIFTY YEARS AGO

(January 30, 1925)

The revival which began on last Sunday at 11:00 a.m. is growing in interest and power with each service. Rev. Phillips, the pastor is doing the preaching and Prof. Clyde Rhodes has charge of the song services.

Mr. and Mrs. Sparks, of Snyder were visitors in the home of Mr. and Mrs. A. G. Griffin last Saturday and Sunday. Mrs. Sparks is a niece of Mrs. Griffin.

Mrs. George Gray delightfully entertained the members of the Tuesday Club at her home on Central Avenue, Tuesday afternoon, the hour was pleasantly spent playing forty-two.

Miss Eula Pearl Mayfield, who has been a guest of Mr. and Mrs. H. S. Scales for several weeks, left Saturday for San Angelo, where she will visit friends before returning to her home in Talpa, Tx.

P. P. Shepherd, Manager for the West Texas Utilities Company spent the first part of the week in Abilene on business.

Mrs. J. S. Henry and little daughter, Mary Katherine, who have been the guests of Mrs. J. F. Taylor, returned to their home in Dallas Monday.

L. E. Griffin and wife of Snyder visited their parents, Mr. and Mrs. A. Griffin, Saturday and Sunday of last week.

After a few days visit with their mother, Mrs. W. M. Green, J. H. Green returned Saturday to his home in Norman, Okla. and Leon Green returned to his home in Austin, Sunday.

TWENTY YEARS AGO

(January 28, 1955)

Longest cold siege of the winter has persisted in the Hamlin area for the past 10 days. Below freezing temperatures have been recorded practically every night since Jan. 12.

Oil activity in the Hamlin area has picked up considerably during the past several days following a slack period of several months. One completion, a try for dual completion and three new locations highlight the developments.

Hamlin area citizens are reminded this week that Monday is the last day on which poll taxes for 1955 can be paid. Remittances must be made to the county tax assessor-collector at Anson before midnight if mailed.

Members of the senior class at Hamlin High School voted in business session last week to go to New Orleans, Louisiana, for their senior trip this summer.

A completely redecorated Safeway store building will be opened Monday morning after a 10-day close to modernize and repaint the interior, according to Curtis Dodd, manager.

Games will be featured tonight at the regular community get-together in the Neinda community, beginning at 7:00 p.m.

TEN YEARS AGO

(January 28, 1965)

Dave N. Weaver, son of Mr. and Mrs. Noel Weaver, was appointed Area Agronomist with headquarters at Weslaco Jan. 11, according to an announcement made by John E. Hutchinson, director of Agricultural Extension Service. He will serve all of District 12 and the southern counties of District 10.

The Pipers brought their district record up to 4-3 here Tuesday night when they out-scored the Stamford Bulldogs, 72-51. Mike Shivers paced the Pipers with 31 points, followed by Allen Cumbie with 17.

One of the 12 men who was on the original committee to organize the Hamlin Board of Community Development some seven years ago was installed as its president here Friday night as Wesley Nail took over the leadership duties.

Heavy infestations of green-bugs and grain mites have been reported in several fields of wheat in the Hamlin, Tuxedo and Plainview areas of Jones County, according to information this week from Jones County Agent, Kirby Clayton. The insects are appearing in 60-75 percent of the fields, says Clayton, but some fields are infested much worse than others and control measures will be necessary on the heavily infested areas at this time.

NEWS AND VIEWS . . .

And What Have You

Continued from page 1

we have entered in the JV tourney do in the second round of play.

Apparently, President Ford's plan to tax oil by the barrel has not drawn much favor from any quarter as both Congress and the public seem to oppose his plan.

From what we can tell from what we read and hear President Ford eliminated too many of his options before he really knew what this nation's oil problem was. Long before he got all of his advisors together to formulate his plan of action he had already committed himself as to being opposed to both rationing and a tax on gasoline.

Consequently, this did not leave him with very many options.

Ford's plan to put a \$3 tariff on imported oil has upset the New England Governors. Through their spokesman, Massachusetts Gov. Michael S. Dukakis, they say that his plan would badly hurt the New England states that are vitally dependent on foreign oil.

This group has asked the President for "energy price parity," so that all 50 states could equitably share the burden of energy conservation.

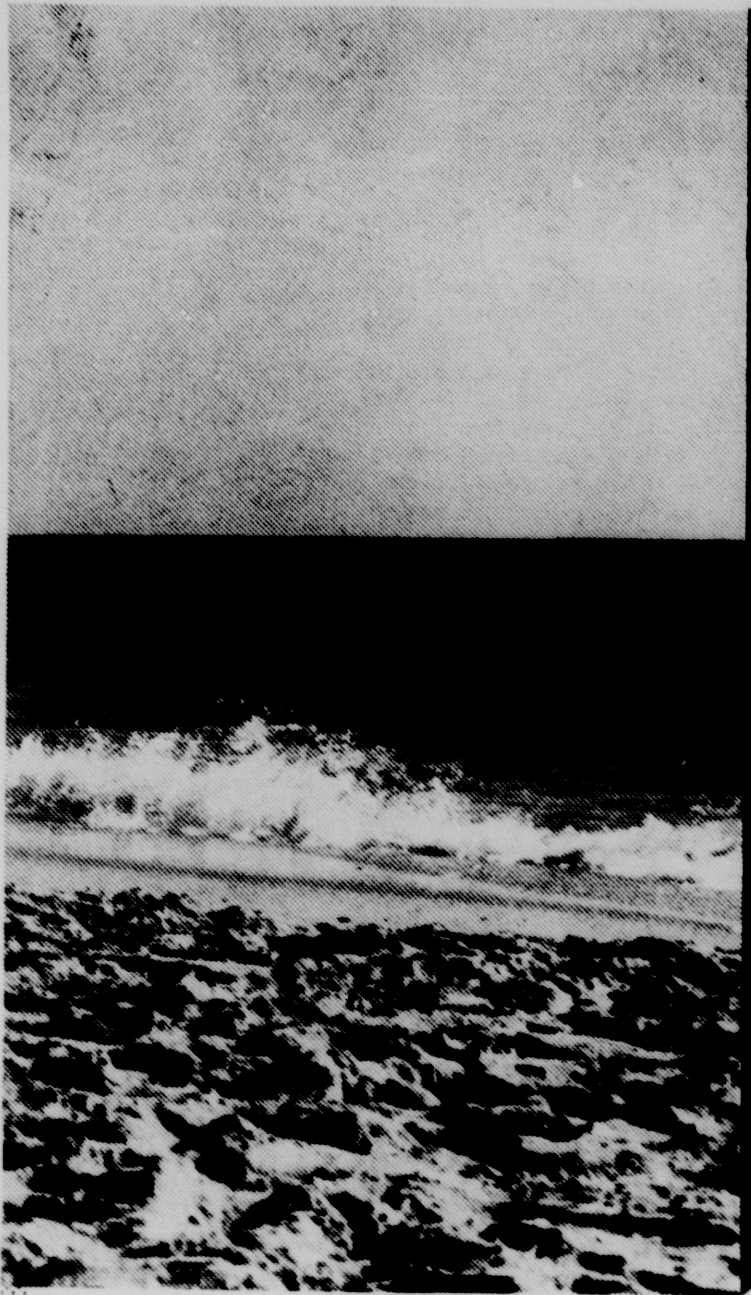

This group wants the President to impose import quotas on oil and then allocate supplies among the 50 states, based on their 1972 consumption.

This plan might be fine if these same states will share equally in the effort to increase domestic production. But all we hear about is how they will not allow offshore drilling up there, nor will they allow the construction of oil refineries.

The way I see it, if we here in Texas want to put up with these ugly, polluting oilwells and smelly refineries, then we at least should get first call on the oil produced.

Not only do these people up north want to share equally in our oil production without making any effort to help solve the problem, they also are the ones who want to tax the oil man out of business.

Maybe the Civil War was fought over the wrong cause.

Many more words of comfort await you in the Bible and in the Church as His words are proclaimed from the pulpit. We invite you to attend church this week. You will be glad you did.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

DEEP

AS THE SEA

Standing in the sand, looking at the sea, one cannot help thinking of the boundless, fathomless love of God toward us. Oh, how he loves us, uplifts us, protects us and encourages us. There comes to mind many of his precious promises and the heart swells with gratitude. Recalled first of all, perhaps, are verses like these:

"Fear thou not; for I am with thee; be not dismayed; for I am thy God: I will strengthen thee: yea, I will help thee."

"Yea, I have loved thee with an everlasting love: therefore with loving kindness have I drawn thee." Jeremiah 31:3.

"For God so loved the world that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life."

"For God sent not his Son into the world to condemn the world; but that the world through him might be saved." John 3:16, 17.

State Store License Not Required Now

Austin—Comptroller Bob Bullock reminded Texas business operators Saturday that the state store license requirement has been abolished.

Bullock said his office has been besieged with calls and letters this month by businesses which were unaware that the license requirement was repealed as of Dec. 31, 1974.

"Obviously, the past administration didn't get the message out," Bullock said. "I consider it good news that we've been able to do away with the store license."

The store license, which started at \$5 for a single store, was a minor revenue source. Its repeal by phases was ordered by the Legislature in 1971.

Bullock said that some 240,000 stores in Texas had previously been covered by the license act.

He said his office is returning license money still being sent in by businesses unaware of the repeal.

WINS FIRST PLACE TROPHY—The Hamlin High School Stage Band won first place in the Tarleton State University Jazz Festival for the fourth straight year Saturday in Stephenville. The band is directed by Tim Jones. Debi Cary was named to the All-Star Band for the fourth year in a row. The U. S. Navy

"Commodores" played a short concert before the award presentations. Other bands competing in the AA competition were Ozona, Mart, Comanche, Grosbeck, Clyde, Castleberry (2), Bridgeport and Clifton. Castleberry won second and Clifton third.

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

The Hamlin High School Stage Band has been named "Ambassadors of Goodwill" for the State of Texas by Governor Dolph Briscoe in anticipation of their planned tour of Europe this summer.

The commission was signed in Austin last Thursday by Gov. Briscoe and was received here Saturday.

The certificate bearing the official seal of the state of Texas, signed by both Gov. Briscoe and Secretary of State Mark White, reads:

"The State of Texas... to all to whom these presents shall come, Greetings: Know ye, that Hamlin High School Stage Band is hereby commissioned Ambassadors of Goodwill under the laws of the State of Texas with all rights, privileges, and emoluments appertaining to said office. In testimony whereof, I have signed my name and caused the Seal of State to be affixed at the City of Austin, this, the 23rd day of January A.D., 1975.

This week should have been designated Basketball Week in Hamlin as there will be 26 games played in the local gym this week. The action started Monday with three junior high games and will conclude Saturday with the finals in the boys and girls junior varsity tournament.

It is most unusual to play this many games in one week, much less have them all here at home. I don't really understand how the varsity schedule was worked out whereby we have back to back district games here at home, but it is nice.

Out of the 26 games to be played here this week, 18 of them could involve local teams. This of course, will depend on how the three teams

SELLS PROPERTY—

Sunset Baptist Church Gives \$3,250 to Center

The congregation of Sunset Baptist Church has recently sold the church property and has contributed \$3,250.00 to the West Texas Rehabilitation Center in Abilene.

The church membership voted to sell the building last year and papers were completed recently. A check was sent to the center Jan. 24.

C. T. Carter, H. L. Tudor and J. F. Weaver are trustees for the church transaction. The congregation will

make another contribution after a note is paid. They expect this to be in about 15 months.

The building was sold to The House of Prayer, a nondenominational group. Now in the organizational stage, A. V. Spalding and others are active in the church activities.

Sunset Baptist Church was organized in 1954 and affiliated with Baptist Missionary Association (BMA).

Bob Lindsey Named Jones County Attorney Monday

Bob Lindsey of Abilene was appointed Jones County attorney Monday morning by Jones County commissioners.

Lindsey, currently in private practice in Abilene, will replace the present county attorney, A. J. Smith, who has resigned effective Feb. 1.

For almost two years an assistant district attorney in Abilene, Lindsey is a North Texas State University graduate and holds a law degree from South Texas School of Law in Houston.

Lindsey, 35, has been practicing law since 1971. He and his wife, Betty, have two sons, Link, 12, and Britt, 4.

Smith resigned at the request of the commissioners after a Jones County grand jury reported he had not personally tried a case in several years. A backlog of county court cases had piled up.

Smith, who has won election without opposition since he was appointed in 1967, said his physician had advised him not to chance the strain of conducting trials. He cited ill health in his resignation.

On accepting the appointment as county attorney, Lindsey said that he and his family would move to Anson.

Greater Challenge for College Bound

With the many changes taking place today in public school education both in Texas and across the nation, Hamlin High School has embarked on a program to offer a greater challenge to its college bound senior students.

Two of these new programs offering a challenge to the more industrious senior students who plan to go on to college upon graduating from high school are English IV and Physics.

While the state only requires three years of English for graduation, several members of the senior class have signed up for English IV, where, according to the instructor Mrs.

Warren Sharp, writing is the name of the game.

Mrs. Sharp said that by the time the research paper required in the course is written late in the first semester, the students will have already written in class many themes. Each of the themes will be complete with an outline and thesis statement.

She said that each theme is graded very strictly before being returned to the student for it to be corrected immediately. She added that this gives the student an opportunity to clarify any question he or she may have concerning the error.

Mrs. Sharp said that during the first semester the

students each wrote eight or nine themes which is more than many colleges require. She said that in most colleges freshmen English students spend their time writing themes and when they become sophomores they study British literature.

English IV students study English literature during the second semester.

Another course being offered for the college bound student is physics.

The high school physics class being taught here has taken on a new outlook in its manner of teaching, according to Tom Dechairo, instructor.

The class, composed of only four seniors, is an ex-

perimental independent study course where the instructor gives each student an assignment sheet which covers a period of six weeks. Each student is responsible for getting his assigned work done in that period.

The final 12 weeks of the course is spent on writing a research paper, Dechairo said. This paper consists of four chapters which cover: stating the problem to be solved, library research, experimentation of the problem and the summary of the completed work.

Four students are enrolled in the course this year. They are Raudy Elmore, Blain Lewis, Cheryl Lewis and Ray Sonnenburg.

BRITISH LITERATURE—High School English IV students, under the direction of Mrs. Warren Sharp, study Oliver Goldsmith's play "She Stoops to Conquer." The eighteenth century comedy of manners is part of the British literature being studied by the class.

WORKING ON EXPERIMENT—Hamlin High School students work on an experiment on acceleration in the physics lab at the school. Students working on the experiment are, left to right, Blain Lewis, Randy Elmore, Cheryl Lewis and Ray Sonnenburg.

NEWS FROM

McCAULLEY

By MRS. FRED KEMP

Farmers have had summer weather the past few days to get in the remaining crops but the cooler weather is here today.

Mrs. Bobby Smith of Mason and Cody has been visiting in the community the past few days. Mrs. Smith is the former Prescilla Reed.

Mr. and Mrs. Ronald Holcomb of Midland were at the McCaulley-Old Glory basketball game Friday night. Seems just a few years ago Ronald was playing on the McCaulley team. Old Glory won, they have two great teams, but McCaulley played a good game. One of the starting players on the girls team was Mary Boyd formerly of McCaulley. We were all very happy to see Mary again.

Mrs. B. F. Kemp had lunch and a few hours of visit with the Fred Kemps Sunday. Mrs. Kemp is improving some. She is living at Holiday Lodge in Hamlin.

McCaulley 4-H'ers and FFA'ers are well represented at the surrounding stock shows. These boys and girls put in a great deal of time and effort in getting their animals ready and showing them. Sometimes they don't place very high but they always learn something helpful even if their animal gets sifted. Max Kemp placed two tenths and a sixteenth at Abilene. James Kemp placed a Reserve Champion in his class, a fifth, fourteenth and twentieth. Gordon Maberry placed a fourteenth. Daren Jeffrey placed a Champion in his class at Ft. Worth and Fonda Jeffrey placed her animal in sixth.

Todd Stevenson has his arm out of the cast again. Hope he has better luck this time keeping it out. We need him for that junior high basketball team.

Birthday greetings to Stephanie Reed today.

A decoupage map, confederate money and graduation announcement were shown. Other items displayed included three dimensional framed pictures, foil art and gift wrap.

The next meeting will be a Valentine's Party in the home of Mrs. C. W. Griggs at 7:30 p.m. Friday, Feb. 7.

FROM THE FILES . . .

FIFTY YEARS AGO

(January 30, 1925)

The revival which began on last Sunday at 11:00 a.m. is growing in interest and power with each service. Rev. Phillips, the pastor is doing the preaching and Prof. Clyde Rhodes has charge of the song services.

Mr. and Mrs. Sparks, of Snyder were visitors in the home of Mr. and Mrs. A. G. Griffin last Saturday and Sunday. Mrs. Sparks is a niece of Mrs. Griffin.

Mrs. George Gray delightfully entertained the members of the Tuesday Club at her home on Central Avenue, Tuesday afternoon. The hour was pleasantly spent playing forty-two.

Miss Eula Pearl Mayfield, who has been a guest of Mr. and Mrs. H. S. Scales for several weeks, left Saturday for San Angelo, where she will visit friends before returning to her home in Talpa, Tx.

P. P. Shepherd, Manager for the West Texas Utilities Company spent the first part of the week in Abilene on business.

Mrs. J. S. Henry and little daughter, Mary Katherine, who have been the guests of Mrs. J. F. Taylor, returned to their home in Dallas Monday.

L. E. Griffin and wife of Snyder visited their parents, Mr. and Mrs. A. Griffin, Saturday and Sunday of last week.

After a few days visit with their mother, Mrs. W. M. Green, J. H. Green returned Saturday to his home in Norman, Okla. and Leon Green returned to his home in Austin, Sunday.

TWENTY YEARS AGO

(January 28, 1955)

Longest cold siege of the winter has persisted in the Hamlin area for the past 10 days. Below freezing temperatures have been recorded practically every night since Jan. 12.

Oil activity in the Hamlin area has picked up considerably during the past several days following a slack period of several months. One completion, a try for dual completion and three new locations highlight the developments.

Hamlin area citizens are reminded this week that Monday is the last day on which poll taxes for 1955 can be paid. Remittances must be made to the county tax assessor-collector at Anson before midnight if mailed.

Members of the senior class at Hamlin High School voted in business session last week to go to New Orleans, Louisiana, for their senior trip this summer.

A completely redecorated Safeway store building will be opened Monday morning after a 10-day close to modernize and repaint the interior, according to Curtis Dodd, manager.

Games will be featured tonight at the regular community get-together in the Neinda community, beginning at 7:00 p.m.

TEN YEARS AGO

(January 28, 1965)

Dave N. Weaver, son of Mr. and Mrs. Noel Weaver, was appointed Area Agronomist with headquarters at Weslaco Jan. 11, according to an announcement made by John E. Hutchinson, director of Agricultural Extension Service. He will serve all of District 12 and the southern counties of District 10.

The Pipers brought their district record up to 4-3 here Tuesday night when they out-scored the Stamford Bulldogs, 72-51. Mike Shivers paced the Pipers with 31 points, followed by Allen Cumbie with 17.

One of the 12 men who was on the original committee to organize the Hamlin Board of Community Development some seven years ago was installed as its president here Friday night as Wesley Nail took over the leadership duties.

Heavy infestations of green-bugs and grain mites have been reported in several fields of wheat in the Hamlin, Tuxedo and Plainview areas of Jones County, according to information this week from Jones County Agent, Kirby Clayton. The insects are appearing in 60-75 percent of the fields, says Clayton, but some fields are infested much worse than others and control measures will be necessary on the heavily infested areas at this time.

NEWS AND VIEWS . . .

And What Have You

Continued from page 1

we have entered in the JV tourney do in the second round of play.

Apparently, President Ford's plan to tax oil by the barrel has not drawn much favor from any quarter as both Congress and the public seem to oppose his plan.

From what we can tell from what we read and hear President Ford eliminated too many of his options before he really knew what this nation's oil problem was. Long before he got all of his advisors together to formulate his plan of action he had already committed himself as to being opposed to both rationing and a tax on gasoline.

Consequently, this did not leave him with very many options.

Ford's plan to put a \$3 tariff on imported oil has upset the New England Governors. Through their spokesman, Massachusetts Gov. Michael S. Dukakis, they say that his plan would badly hurt the New England states that are vitally dependent on foreign oil.

This group has asked the President for "energy price parity," so that all 50 states could equitably share the burden of energy conservation.

This group wants the President to impose import quotas on oil and then allocate supplies among the 50 states, based on their 1972 consumption.

This plan might be fine if these same states will share equally in the effort to increase domestic production. But all we hear about is how they will not allow offshore drilling up there, nor will they allow the construction of oil refineries.

The way I see it, if we here in Texas want to put up with these ugly, polluting oilwells and smelly refineries, then we at least should get first call on the oil produced.

Not only do these people up north want to share equally in our oil production without making any effort to help solve the problem, they also are the ones who want to tax the oil man out of business.

Maybe the Civil War was fought over the wrong cause.

DEEP

AS THE SEA

Standing in the sand, looking at the sea, one cannot help thinking of the boundless, fathomless love of God toward us. Oh, how he loves us, uplifts us, protects us and encourages us. There comes to mind many of his precious promises and the heart swells with gratitude. Recalled first of all, perhaps, are verses like these:

"Fear thou not; for I am with thee; be not dismayed; for I am thy God; I will strengthen thee: yea, I will help thee."

"Yea, I have loved thee with an everlasting love: therefore with loving kindness have I drawn thee." Jeremiah 31:3.

"For God so loved the world that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life."

"For God sent not his Son into the world to condemn the world; but that the world through him might be saved." John 3:16, 17.

Many more words of comfort await you in the Bible and in the Church as His words are proclaimed from the pulpit. We invite you to attend church this week. You will be glad you did.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

State Store License Not Required Now

Austin—Comptroller Bob Bullock reminded Texas business operators Saturday that the state store license requirement has been abolished.

Bullock said his office has been besieged with calls and letters this month by businesses which were unaware that the license requirement was repealed as of Dec. 31, 1974.

"Obviously, the past administration didn't get the message out," Bullock said. "I consider it good news that we've been able to do away with the store license."

The store license, which started at \$5 for a single store, was a minor revenue source. Its repeal by phases was ordered by the Legislature in 1971.

Bullock said that some 240,000 stores in Texas had previously been covered by the license act.

He said his office is returning license money still being sent in by businesses unaware of the repeal.

LOCAL SCOUTS TOUR POLICE DEPARTMENT

Members of the local Boy Scout troop toured the Hamlin City Police Department Saturday, with the

assistance of Chief Ed Wheat and Patrolman Jerry Farnsworth.

Scouts on the tour included Steven Campbell, Britt Cary, Dwain Miller, Russell Cary, Tim Hawkins and Sammy Ferguson, Scoutmaster.

Both pasture land and crop land qualify for a Federal Land Bank loan if properly managed. Remember that the Land Bank Association located right in your area is familiar with local conditions and local needs—and will do everything possible to provide a long-term loan at reasonable cost.

We can provide sound financing to fit your sound management.
